

## Portfolio

Our range of services includes:

- Repairs
- Maintenance
- Bodywork
- Electrical equipment/electronic systems
- Hydraulics
- Design and construction

As a registered automotive repair and maintenance facility with special guild authorization, we provide service which meets all legal requirements for the benefit of our customers. We perform all necessary maintenance and repairs in a professional manner and in accordance with manufacturers specifications. Our areas of specialty include the construction, maintenance and repair of truck bodies for industrial vehicles such as:

- Waste disposal vehicles
- Construction vehicles
- Crane vehicles
- Case and platform trucks
- Fire trucks
- Tank trucks
- Vehicles with suction and pressure mechanisms
- Construction machinery

We cover the following areas in the industrial machines sector:

- Stationary engines
- Hydraulic drives
- Emergency power generators

Our staff consists of a head mechanic and a team of mechanics along with electricians, fitters, hydraulic technicians and certified welders, all of whom have many years of experience in this sector of industry and possess a high level of expertise.

This is what enables us to offer comprehensive service to our customers for their vehicles of all construction types. We would be glad to provide complete service for your entire fleet, which includes, in addition to maintenance and repair, ensuring that all tests and inspections are performed on schedule and conducting vehicle checks for better cost optimization.

Our state-of-the-art software enables us to maintain our master data and keep up-to-date records on repairs per cost center and vehicle. We look forward to satisfying your needs and rising to meet your challenges.

Here is a detailed list of our services:

## 1. MAINTENANCE OF ALL TYPES OF VEHICLES

- 1.1 Cars
- 1.2 Trucks
- 1.3 Special-purpose vehicles
  - 1.3.1 Construction site machinery
  - 1.3.2 Emergency power generators
  - 1.3.3 Hydraulic systems

## 2. REPAIR OF ALL TYPES OF VEHICLES

- 2.1 Cars
- 2.2 Trucks
- 2.3 Special-purpose vehicles
  - 2.3.1 Construction site machinery
  - 2.3.2 Emergency power generators
  - 2.3.3 Hydraulic systems

## 3. REPAIR - MAINTENANCE - OVERHAUL OF ALL BODY TYPES

- 3.1 Roll-off tippers
- 3.2 Settling tippers
- 3.3 Vehicles with pressure mechanisms
- 3.4 Vehicles with suction mechanisms
- 3.5 Crane vehicles
- 3.6 All types of trailers
- 3.7 Hazardous waste vehicles
- 3.8 Hydraulic components

## 4. TESTING & CERTIFICATION OF ALL TYPES OF VEHICLES

- 4.1 Pre-test inspection and repairs
- 4.2 Testing and issuance of test report
  - 4.2.1 Test results valid for 24 months

## 5. EXHAUST EMISSION TESTING & CERTIFICATION (IN ACCORDANCE WITH THE GERMAN STANDARD "AU II") FOR ALL TYPES OF VEHICLES

- 5.1 Pre-test inspection and repairs
- 5.2 Testing and issuance of test report
  - 5.2.1 Certification valid for 36 months

## 6. STATUTORY ACCIDENT-PREVENTION INSPECTION AND PREPARATION OF ALL TYPES OF VEHICLES

- 6.1 Pre-inspection check and repairs
- 6.2 Inspection and issuance of test report
  - 6.2.1 Expertise based on years of experience and training
  - 6.2.2 Continual training required

## 7. APPRAISALS

- 7.1 Damage appraisals
- 7.2 Cost estimates
- 7.3 Valuations
- 7.4 Appraisal of special-purpose machines

## 8. CASES AND TROUGHS (roll-off tippers/settlings tippers)

- 8.1 Repairs
- 8.2 Maintenance
- 8.3 Reconstruction for special purposes
- 8.4 Construction/repair of hydr. Systems
- 8.5 Design of special-purpose constructions
- 8.6 Statutory accident-prevention inspections
